Product highlights

2GB storage capacity

A useful 2 GB gives you the capacity to swap and share much larger or more files via the USB port of your PC or laptop.

Automatic file compression

Save free space by automatic compression of all the files you put on the USB flash drive

Fast data transfer

High-speed data transfer rates significantly cut annoying waiting time when you're copying large multimedia files to or from your computer's hard disk.

File synchronisation

With file synchronisation of all the files on your PC, it is possible to access and work with your documents anywhere with just a few mouse clicks.

Lost & Found information

This unique feature enables you to enter your contact details like address, telephone number and e-mail address on the USB flash drive so that if you lose it, whoever finds it can send it back to you.

Password protection

Due to password protection including 256-bit AES encryption, your valuable personal data can be protected from unauthorised access by simply using a password.

Easy to use software included

A complete software suite is included, which will run automatically from the USB flash drive and gives you access to useful features like, Password protection, File synchronisation, Data compression, USB lost & found and USB information. Additionally, it comes with a 30-day trial for Portable Microsoft Outlook Express, Favourites synchronisation and No-trace internet browsing.

Activity indicator

An appealing glow shows you the drive is properly connected and working and pulsates faster when copying files to or from its memory.
