Product highlights

Exclusive UFD device

This USB flash card device is functionally designed to share and impress. You always have your valuable data with you because it can be easily carried in your wallet as it is the same size as your credit card.

3 mm thin aluminium body

This aluminium housing is a high-end finish that conveys a valuable, high-tech, trendy look and feel to your USB flash card drive. When storing your data is not enough, just share and impress.

Fits in your wallet

This form factor offers you an easy way to carry your valuable data with you because this USB flash card drive will fit perfectly in your wallet.

8 GB storage capacity

A useful 8 GB gives you the capacity to swap and share much larger or more files via the USB port of your PC or laptop.

Flexible USB connection

Ease of use is an important factor of this plug and play USB flash card. Because of its ultra thin and flexible USB connection, which you can twist and bend, you will experience an easy way of sharing and saving your data. It will always fit in your free USB port.

Fast data transfer

High-speed data transfer rates significantly cut annoying waiting time when you are copying large multimedia files to or from your computer's hard disk.

Activity indicator

An appealing glow shows you the drive is properly connected and working, and pulsates faster when copying files to or from its memory.

Easy-to-use software included

A complete software suite is included and will run automatically from the USB flash drive, giving you access to useful features such as Password protection, File synchronisation, Data compression, USB lost & found and USB information. Additionally, it comes with a 30-day trial for Portable Microsoft Outlook Express, Favourites synchronisation and No-trace Internet browsing.

Password protection

Due to password protection including 256-bit AES encryption, your valuable personal data can be protected from unauthorised access by simply using a password.
