Product highlights

2GB storage capacity

A useful 2 GB gives you the capacity to swap and share much larger or more files via the USB port of your PC or laptop.

Fast data transfer

High-speed data transfer rates significantly cut annoying waiting time when you're copying large multimedia files to or from your computer's hard disk.

File synchronisation

With file synchronisation of all the files on your PC, it is possible to access and work with your documents anywhere with just a few mouse clicks.

Automatic file compression

Save free space by automatic compression of all the files you put on the UFD

Password protection

With password protection for all or a user-definable section of the USB Flash Drive's memory, your personal data is protected from unauthorised access or copying.

Lost & Found information

This unique feature enables you to enter your contact details like address, telephone number and e-mail address on the UFD so that if you lose it, whoever finds it can send it back to you.

UFD software included

A complete software suite is included, which will run automatically from the UFD and gives you access to useful features like file synchronization with automatic file compression, and password protected disk partition. Including a 30-day trial for Portable Microsoft Outlook Express, favourites synchronization and no-trace internet browsing
